## IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Patentees: Thomas J. CAMPANA, Jr. et al.

Patent No: 5,625,670

Issue Date: April 29, 1997

For: ELECTRONIC MAIL SYSTEM WITH RF COMMUNICATIONS TO  
MOBILE PROCESSORS

**REQUEST FOR CERTIFICATE OF CORRECTION  
OF UNITED STATES PATENT 5,625,670 PURSUANT  
TO 35 U.S.C. 254 AND 37 CFR SECTION 1.323**

Assistant Commissioner for Patents  
Washington, D.C. 20231**CERTIFICATE**

JUL 15 1997

**OF CORRECTION**

June 16, 1997

Sir:

The Assignee requests a Certificate of Correction as set forth in the attached PTO 1050 Certificate of Correction Forms (5 pages). The Certificate of Correction corrects errors made by the United States Patent and Trademark Office in printing hereinafter referred to as a "printing error" and errors caused by the Applicants hereinafter referred to as "Applicants' error".

**APPROVED**

AUG 20 1997

IN THE SPECIFICATION

The corrections of column 1, lines 34 and 35, are to correct Applicants' error. The patent applications identified in the CROSS-REFERENCE TO RELATED APPLICATIONS were not filed on the same day as United States patent application Serial No. 08/443,430 from which United States Patent 5,625,670 issued.

The corrections of column 4, line 48, column 5, lines 27 and 32 and column 28, line 15, are to correct Applicants' errors to update information. The updated statements regarding Telefind

07/10/1997 KODDOPP 04040233 5625670 01 FC:145 Corporation 100.00 0P column 5 and column 28 reflect its status of being defunct and the ownership of the referenced patents has been updated.

The remaining corrections of column 1 and the remaining corrections of the specification correct printing errors.

IN THE CLAIMS

The corrections of columns 53, 59 and 63 correct Applicants' grammatical errors or Applicants' errors in phraseology.

The correction of column 67, line 16, corrects Applicants' error in the preamble of claim 83 referring to a method. Claim 25 is a system claim.

The correction of column 71, line 45, corrects Applicants' error in typing the dependency of issued claim 105 which should be to claim 62. Then pending claim 191, which became issued claim 105, was erroneously dependent from claim 198 because of the typographical error of the digit "9" for the digit "4". In fact, as is obvious from the sequence of then pending claims from 186 to 192, claim 191 should have been dependent on then pending claim 148 which corresponds to issued claim 62.

The corrections of column 73, line 51 and column 74, line 7, correct Applicants' errors in dependency. Issued claim 111 should be dependent from issued claim 78 and issued claim 112 should be dependent from issued claim 79.

The correction of column 74, line 35, corrects Applicants' error in grammar.

The correction of column 75, line 11, corrects Applicants' error. The word "information", which has been used as a modifier of "transmission network" in the other claims, should be added to claim 117.

The correction of column 75, line 31, corrects the

Applicants' error in grammar.

The correction of column 76, line 10, corrects Applicants' error. The reference to "the wireline", which was made by amendment in other claims in the October 23, 1996 Amendment pursuant to 37 CFR §1.312(a), was inadvertently not made to then pending claim 210 and should be made in claim 124.

The dependency corrections in claims 124 and 130 in lines 1 and 6 of column 77 correct printing errors. Then pending claims 215 and 216 depended from claim 211 which corresponds to issued claim 125.

The other corrections of column 76 and column 77 correct Applicants' errors in grammar.

The correction of column 78, line 5, corrects a printing error.

The correction of column 81, line 41, corrects Applicants' error in the spelling of "transmission".

The correction of column 84, line 20, corrects a printing error in the dependency of claim 166. Pending claim 252 depended from claim 250 which corresponds to issued claim 164.

The correction of column 84, line 30, corrects a printing error.

The correction of column 84, line 62, corrects a printing error in the dependency of claim 169. Pending claim 255 depended from the pending claim 253 which corresponds to issued claim 167.

The correction of column 88, line 8, in claim 184 corrects Applicants' typing error. The modifier "one" was omitted from preceding "electronic mail system" and provides a literal antecedent for the "one of the plurality of electronic mail

"systems" in line 38 of column 87 in issued claim 181.

The correction of column 88, line 26, corrects Applicants' error in grammar.

The correction of column 91, line 31, in issued claim 200 corrects a printing error in dependency. Claim 200 should depend from claim 198 as a consequence of then pending claim 286 having depended from then pending claim 284 which corresponds to issued claim 198.

The correction of column 95, line 26, corrects a printing error.

The remaining corrections of the claims correct Applicants' errors and replace "network" with "system" or "networks" with "systems" and correct errors which were discovered prior to issuance of the Patent and are the subject matter of a Petition and Amendment pursuant to 37 CFR §1.312(b) and Fee Pursuant to 37 CFR §1.175(i) filed April 9, 1997 and acknowledged by Examiner Trost in an Interview Summary Record on April 23, 1997 as not affecting "the scope of the claims in the present application". As discussed with Examiner Trost on April 23, 1997, it is understood that these amendments will be entered via a Certificate of Correction. A photocopy of the Amendment of April 9, 1997 and the April 23, 1997 Interview Summary Record referred to above is also enclosed herewith.

Issuance of a Certificate of Correction forthwith is respectfully requested for the foregoing reasons. The Examiner's prompt consideration of this matter is appreciated. The fee of \$100.00 pursuant to 37 CFR §1.20(a) is submitted herewith.

To the extent necessary, Applicants petition for an

extension of time under 37 CFR 1.136. Please charge any shortage in the fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account No. 01-2135 (780.29643CX1) and please credit any excess fees to such deposit account.

Respectfully submitted,

Donald E. Stout
